REACH. RAISE. RELEASE. REPRODUCE

# CLIENT BRIEF

The client asked for a interior design fit out proposal for a chapel altar. Upon approval, we have been tasked to source for costings for:

1.Structural : raise the alter area by 150mm.

2.Services:

- Propose a lighting solution for the entire space; Both functional and decorative.
- Structural cabling.
- Mechanical air conditioning.

3.Finishes:

- Alter carpeting
- Wall finishes
- Ceiling painting.

## OPTION 01

This option combines the Lifepool brand colours with light neutral paint on the walls and ceiling.

To give the alter character we decided to clad the protrusions with 'wood' laminate.

- Downlights will be fitted at the alter as per client's request.
- The Protrusions will be fitted with warm coloured rope lighting.
- 2 Wall lights have been proposed for additional lighting.
- Decorative filament bulb lights have been introduced at the alter.
- To serve as both lighting and air conditioning, we have introduced 3 fan-lights above the pew area.
